NAVITECH

MARITIME AND OFFSHORE SERVICES
E L E C T R I C I A N

We are a team of qualified and reliable workers having experience of many years in profession

All of our services are backed by our 100% satisfaction guarantee. We service you everywhere.

We are energetic team of skilled electricians cooperating closely from the onset till the completion of the task. Long-term experience of joint operation results in rapid progress of any project performance. We do not waste time and therefore the travelling team is able to reach the contractor within 24 hours. This is possible due to close vicinity of airports in Goleniow and Berlin to our headquarters.

Electrical repairs are always performed by qualified techs that are trained in tasks such as electrical equipment repairs, troubleshooting, all types of gensets (repairs & installations), switchboards, measurements.
